Summary

Frontend Developer skilled in building responsive, SEO-friendly web applications using React and Next.js. Proficient in creating reusable UI components, implementing client- and server-side rendering, and integrating APIs. Familiar with state management, and styling frameworks like Tailwind CSS. Motivated to learn, adapt to new technologies, and contribute to high-quality, user-focused products.

Education

Modern Academy

2019 - 2023

Bachelor's degree in Computer Science

Projects

Tic Tac Toe

- Built an interactive Tic Tac Toe game using **React** and **Next.js**.
- Designed a responsive grid-based game board and scoreboard with **Tailwind CSS**.
- Implemented game logic with **TypeScript**, including turn switching, win detection, and draw handling.
- Added a scoreboard to track **X wins, O wins, and draws** across multiple rounds.
- Integrated reset functionality for restarting games seamlessly.
- Tech Stack: **React, Next.js, Tailwind CSS, TypeScript**.

News App

- Developed a responsive Next.js application for displaying daily news articles with real-time updates.
- Built dynamic pages and reusable components using TypeScript and Tailwind CSS.
- Integrated client-side and server-side rendering for optimal SEO and performance.
- Implemented secure authentication with Next-Auth and role-based access control.
- Enabled authorized users to create and publish news articles directly from the web interface.
- Integrated Prisma ORM to manage user and news data through API routes.
- Tech Stack : **React , Next.js , Prisma , Tailwind , TypeScript**

Skills

- **Frontend:** [HTML5 | CSS3 | Bootstrap | jQuery | JavaScript | TypeScript | React | Next js]
- **Databases & ORM:** [Microsoft SQL Server |MySQL | MongoDB | PostgreSQL]
- **Core Concepts:** [Problem Solving | Data Structure | Algorithms | Design Patterns | Agile]
- **Backend:** [Python | OOP | Django | MVT | RESTFUL APIs]
- **Deployment:** [Git | GitHub]
- **Soft Skills:** [Research - Team Work - Time Management – Communication Skills]
